- All 5 gallon buckets come with a pump. The cost of the pump is included in the price
- All detergents are biodegradable, and do not contain phosphate. They are safe for septic tanks.
- Packaging material of the water soluble pillows is biodegradable. Boxes are compostable or recyclable.
- Plastic containers are recyclable
- Retail cost per load is based on large load to compare liquids products and pillows on an equivalent base. Most products in retail stores base the cost on a small load (1.5 oz per load). We use 4 oz per large load
